All but ONE of these lay people are hard core leftists who probably want to feed our children pedo-porn for breakfast lunch and dinner. Totally impartial. 🙄🙄

Here'a who is on the review committee for two of the books in Wentzville.

Kelly Manning isn't a teacher for the district. She's a teaching and learning right hand person and hasn't been a classroom teacher in years. She is the very liberal ELA content lead. She is considered Teaching & Learning staff. She's not in the classroom. It's disengenuous to say she's a teacher.

The four "laypersons" appointed shall be selected from a list of eight people recommended to the Superintendent by the president of the Board of Education. Two of the four persons appointed must be parents/guardians of children in the schools.

I'm sure they are totally impartial, considering the Board President called the rest of us "keyboard warriors" in an email regarding this issue... 😏

It is time to name names.
